Robin –

You do not need to look through this material, only if you are interested. The DRAFT “OAR memo ...” is the document I just sent a comment to Ben/Tia on regarding the discussion of the reconsideration of the MTE Final Determination.

**Subject:** Materials for 3pm RRTF update

Hi everyone,

Attached are materials for today's 3pm call. We will mainly cover the first item, OAR's guidance on the RRTF "report" – this document is what was sent to us from OAR, with annotated notes from me based on the meeting that we had with OAR about what they're looking for in each piece of the document. And we will walk through this document on the call today.

The next two items are the transcript from the call and a participant list. The audio from the call is a pretty large file, so we couldn't attach it here, but details on how to access it are below.

Thanks,  
 Tia
